Product Dimensions

Model : SPH Pump

Model : SPH 2-Speed Pump

Engineered and built for pool professionals

Known for its reputation for innovation and based on market feedback, Emaux has developed the SPH Series by answering a call from pool professionals for a reliable, economical pump for new installations and retrofits.

2 Speed Pump

The newly released Super Power 2-speed pump represents a breakthrough in pool pump technology. The user is able to select a HIGH speed (2850rpm) or LOW speed (1450rpm) on the pump's control pad. The LOW-speed feature offers low energy consumption, low noise level, and a longer lifespan of the product.

- 2-speed models: Dual capacitors motor start wiring
- Handy control pad to select High or Low speed

Product Features

1. Asynchronous, two-pole motor
2. Class insulation 155(F)
3. Thermal over current protection
4. Pump casing glass fiber reinforced ABS + Impeller PPO, Strainer basket and base in PP + glass fiber
5. Motor shaft - 316 stainless steel, seal bellows - EPDM, stationary face - SIC, rotating face - Graphite, Spring - 316 stainless steel
6. Self-Priming up to 3.3m above water level
7. Testing pressure 50 PSI (3.5 Bar)
8. Basket Volume 2 litres
9. IPX5 Waterproof Standard
10. Ring lock seal design eliminates leaks and maximizes suction efficiency
